SECTION 2

What Is Direct Cremation?

What it is, and what it isn't

Direct cremation, sometimes called simple cremation, is cremation with no viewing and no funeral ceremony. We take your loved one into our care and carry out the cremation. That is all it is.

Your loved one comes into our care, is prepared, and is cremated. We return the cremated remains to you in a temporary container, or in an urn you pick.

Plenty of families who choose direct cremation still hold a celebration of life, a memorial service or a private gathering later, in their own time.

WHAT'S INCLUDED

- Professional staff services
- Transfer to funeral home (within 30 mi.)
- Cremation fee
- 4 certified death certificates
- Medical examiner review
- Plan discount applied
- Basic cremation container

SECTION 3

Container & Upgrade Options

Choose the container that feels right for your family

Trayview Alternative Container, \$480

The quote above uses a **Trayview Cremation Container** (\$480), the least expensive one. You can move up to a different container, or a rental casket if you want a viewing first:

CONTAINER OPTIONS

- **Trayview Container:** \$480 (shown in quote above)
- **Rental Casket:** for families who want a viewing before the cremation
- **Cremation Caskets:** wood caskets suitable for cremation, from \$1,540

Additional services can be added to any direct cremation plan, including viewing time, ceremonies, and additional death certificates. Reach out to me and I will put a quote together for you.

This is an example, not a quote for your family. Your own figures depend on what you choose. Sales tax applies to merchandise only. Services and transportation are tax-exempt. Prices effective as of the date of arrangement.
