

Outside Marker Installation Rules & Pricing

What it costs, what sizes are allowed, and how the approval works if you buy your marker somewhere else.

OVERVIEW

Before You Begin

Buying from an outside vendor

You're welcome to buy a marker somewhere other than from us. A few extra fees come with that, so **it costs more to do it that way**, and I'd rather you have the numbers before you order anything. Our own markers are made for this park and the price includes everything. An outside marker adds fees for the review, the paperwork and the installation, and every one of them is below.

Whoever makes the marker, **we install it**. Outside vendors can't do installations on the grounds here, so your vendor delivers the marker and our installer sets it.

PRICING

3rd Party Installation Fees

There are three fees on every outside marker, and one more if there is already a marker on the space. The **installation fee** covers the foundation and setting the stone. The **inspection and design review** is half the installation fee. It pays for someone to check your vendor's proof against what the park allows before the marker is cut. A marker that turns up the wrong size can't be installed and can't be returned. The **\$250 administrative fee** covers the paperwork and coordinating with your vendor. We don't discount these, and **they are paid in full before any work starts**.

GENERALLY

\$250–\$1,600

Where a particular one falls in that range depends on the size, the location and the options you choose. I would rather give you a real number than a guess. Call or email me and I will put an exact quote in writing for you, with no obligation.

All fees are subject to 10.4% sales tax. Totals below include tax.

Flat marker (under 32"×20"): \$900 + \$450 + \$250 = \$1,600 → **\$1,766.40 after tax**

Upright memorial or ledger: \$1,600 + \$800 + \$250 = \$2,650 → **\$2,925.60 after tax**

Existing marker removal (if applicable): \$205 pull + \$235 foundation disposal = \$440 → **\$485.76 after tax**

PROCESS

How It Works

Four steps, and I'll take you through each one. **Send me the proof** from your vendor before anything is made. **We review it** against what the park allows for size and design, and sometimes it has to be changed. **You sign** the Hold Harmless Agreement and the cemetery contract and pay the fees in full. **We coordinate delivery and installation**, and I let you know once the marker is set.

REQUIREMENTS

Key Rules & Requirements

- 1 The plot the marker goes on **must be paid in full**. For a companion marker spanning two plots, both have to be paid in full.

- 2 Every proof has to be approved against the park's **size and design rules**. If the size, design or placement doesn't match, your vendor will have to redo it.
- 3 The marker has to be ordered by the **plot owner**. If someone else is ordering it, the owner signs a Waiver of Rights or co-signs the contract.
- 4 We install every marker, using **our approved installer**. Outside vendors can't install on cemetery grounds.
- 5 Nothing is scheduled for installation until the paperwork is signed, the proof is approved and **the fees are paid in full**.

SIZE GUIDE

Allowed Marker Sizes

Your proof must match one of these. Dimensions are inches, width × depth.

Single, one interment

ONE GRAVE SPACE · ONE INTERMENT RIGHT

28×16	Single marker
32×20	Single marker
24×12	Govt. or Govt. match w/ foundation to 28×16 (24×12 standard in Vets sections)
28×34	Half ledger, vertical orientation
36×72	Full ledger

Single, two interments

ONE GRAVE SPACE · TWO INTERMENT RIGHTS

28×16	Companion marker, or single at head of grave
32×20	Companion marker
28×34	Half ledger companion, vertical
36×72	Full ledger companion

Companion, two graves

SPANS TWO PLOTS · BOTH MUST BE PAID IN FULL

44×20	Companion
60×20	Companion
36×72	Full ledger companion

Special Sections

LAKE URN GARDEN · INFANTS · UPRIGHTS · BENCHES

15×10	Lake Urn Garden, singles only (except pre-placed Williamsburg companion units)

36" max	Upright foundations (Sec. 6, Sec. 23 blocks, Cascade Court only). Consult superintendent for Sec. 23.
36×18	Bench companion (Sec. 6, 23, blocks of 20, Rose Urn Garden Sec. 18)
44×20	Bench companion

Call me before you order

If you're thinking about an outside vendor, call me first. I'll confirm the exact size allowed on your plot in your section, tell you what the fees come to for your marker, and walk you through the approval so nothing gets cut wrong.
